

District Report

Sindhuli

1-7 September 2017

Activity Summary

HRRP

HRRP has followed up for helvetas & Swisscontact for 4W. Contact list updated three contact lists added. Visited kamalamai 5 where skill test of vocational training was held. There were 10 participants in skill test and observer from CTEVT had come in test. Questions were asked for participants most of the participants seemed known about the mix of cement sand and aggregate for the purpose of lintel and sill band.

Government

Ward office of Kamalamai 9 had organized interaction program among the local people about the earthquake recovery and HRRP district technical coordinator was present in that program .the program was chaired by ward chairperson Mr.Dev Raj paudel and the chief guest was NRA chief Mr.Basudev Humagain there was seen only one household had taken second tranche among 98(98 had got first tranche among 136 who had done agreement) the querries were collected and the answer of querries were given by DLPIU engineer Mr.Ramesh Sapkota and NRA chief Mr.Basudev Humagain most of the querries were related to wooden houses and demand of them were related to wooden models suitable for them.another major issues of them seemed that there was a proposed road named Dharan Chatara hetauda road and due to right of way of this road many beneficiaries had not started the construction process.

Partner Organizations.

Skill test at kamalamai-5,Sindhuli(BY Swisscontact)
